

HOW TO MAKE STUFFIES

What you need:

- ✦ Paper
- ✦ Pencil
- ✦ Scissors (paper & material)
- ✦ Thread
- ✦ Pins
- ✦ Sewing Machine
- ✦ Material
- ✦ Buttons and other extra bits
- ✦ Imagination!

1. Design your stuffie body on paper (make sure you allow for a seam) and cut it out
2. Pin your pattern to some funky material and cut your stuffie out (you need two bits—front and back)
3. Sew any extra material you want on your stuff (eyes if you're sewing them on, hair, patches etc)
4. Put the right sides of the material together and sew around the stuffie. Make sure you leave an opening somewhere!
5. Stuff it! Use a chopstick to push the stuffing into corners, ears etc
6. Add any extra detail with a needle and thread, or a glue gun
7. Give him a name!
